

# Operate as Part of an Emergency Control Organisation Course

## PUAFER005

This course has been designed for individuals who are required to implement an emergency response as specified in the facility emergency procedures or specified by a person at a higher level in the emergency control organisation (ECO). Individuals who undertake this work will be working within the command, control and coordinate structure of the ECO. It includes undertaking pre-emergency planning, taking appropriate actions in an emergency and assisting with post emergency activities.

The course has been developed to cover a broad range of emergencies and facilities as considered in Australian Standard 3745 and Australian Standard 4083. It applies to employees in the workplace within all industries and in all contexts.

Participants in this course will learn how to effectively:

- Apply Work, Health and Safety (WHS)/Occupational Health and Safety (OHS) requirements
- Assist occupants who may require assistance
- Assist with post emergency response activities
- Comply with legislation, industry standards, codes of practice and regulations
- Contribute to facility emergency planning
- Give clear directions to occupants and visitors
- Implement safe work practices
- Initiate and control initial emergency response
- Respond to emergency signals and warnings
- Take on a leadership role within emergency control organisation and/or a deputy role for other emergency control organisation positions
- Undertake pre-emergency planning
- Use communications systems
- Wear required emergency control organisation identification
